# CT justification in Slovakia

Terézia Hrubá MD.

*EU-JUST-CT Project Workshop Luxembourg, 28-29 Sept 2023*

# Current legal base

- Transposition of the Basic Safety Standard Directive, 2013/59/EURATOM ammended this Slovak legislation
  - [Act No. 87/2018](#) on Radiation Protection
  - [Act No. 578/2004](#) on Healthcare Providers, Healthcare Workers, Professional Healthcare Organisations
  - [Act No. 576/2004](#) on Healthcare, Healthcare-related Services
  - Decree of the Ministry of Health No. [101/2018](#) on **radiation protection from medical exposures.**
- Legal base for:
  - undertaking clinical audit as mandatory procedure
  - development of a functional clinical audit system
  - **preparing necessary documents and procedures**
  - **implementing clinical audit as a relevant tool** into the national healthcare system

## Legal documents related to the clinical audit system

- Decree of the Ministry of Health of the Slovak Republic on the **minimum requirements** (currently drafted and under discussion)
  - **for the scope of clinical audit** at medical facilities where radiological procedures are performed
  - **for persons authorized to perform external clinical audits**
  - **for audit procedures and evaluating methods**

# CT audit

## Current status:

- Audits are under development, waiting for completion of Decree of Ministry of Health (timeframe end of 2023)
- Commissions of experts for clinical audits in individual areas are under preparation, with help of Slovak Radiological Society
- Commission for CT audit - justification of CT is established ( 6 experts)

**Thank you for your attention**
